

Rx Help Centers

Employee Information Meeting
for
Henry County

A Word About Privacy

Your privacy is of utmost importance.

- The information you provide to us is not shared with your employer.
- RxHC provides the employer with only HIPAA compliant information for plan management purposes
- The RxHC Enrollment form link provided for you to use is fully secured via SSL technology and not accessible by your employer

Who is Rx Help Centers?

- We're one of America's leading prescription advocacy groups. We provide unsurpassed concierge services at an extremely affordable price to our customers.
- Our mission is to help employees and employers fill the common and costly voids that are found in their prescription benefit plans.
- Rx Help Centers is the SOLUTION to improving prescription drug costs for individual employees!

Who is Rx Help Centers?

- We are not a Discount Drug Card, Pharmacy, or drug company, we are a full service concierge prescription advocacy firm. We work for you!!!
- We help individuals get their maintenance brand and specialty medications free
- Over the past several months we have arranged for individuals like you to receive approximately \$19,500,000 in free or nearly free brand and/or specialty medications

Sound too good to be true?

It does.....but it isn't. How do we do this?

How do I get my medications?

- We are not replacing your current Prescription Drug Plan
- We do not provide the medications
- Some medications will be provided via a mail order pharmacy or delivered to your Doctor's office.
- Specialty medications vary depending upon who and how they are administered.

How long this process take and what does it cost?

- About 3 weeks on average depending on the complexity of your specific situation
- If you need your drug right away, get a 30 day refill so you don't run out during the initial set up period.
- For you and your dependents, the advocacy fee is being paid by your employer as long you remain employed by them and covered by the medical and Prescription Drug plan.

What if I no longer qualify for free drugs or my drugs change?

- If you get a new prescription contact your Rx Help Centers Advocate before filling the new prescription so we can determine if we can assist you with it.
- If you no longer need the drug that we were advocating on for you, you can stop our program and we stop billing you or the employer

What if I no longer qualify for free drugs or my drugs change?

- Your participation in the Rx Help Centers Prescription Drug Advocacy program is your decision and no one is going to make you use this program

OK, I get it. Now, what do I need to do to sign up for this program?

- The secured link is available for you by going to:
RXC8290331-in-co-henry.rxhelpcenters.com
- Within 48-72 hours (often sooner) after you submit the enrollment forms, one of our advocates contact you directly

Help your friends and relatives, too!

- We can also help your relatives and friends with high cost brand and specialty medications too.
- They have to pay the \$50 per month advocacy fee directly.
- They have access to the same concierge services as you
